

6YÜZEY
— İÇ MİMARLIK —

6 yüzey isminin çıkış noktası mekanlardır; 6 Yüzey'i bir küp olarak görebiliriz, esasen her mekan 6 yüzeyden oluşmaktadır; zemin, tavan ve dört duvar. İç mimarlar olarak açık, yarı açık ve kapalı mekanlar tasarlar, biçimlendirir ve işleve sokarız. Bu mekanları insan ergonomisini temel alarak, bulunduğu konum ve yerleşimine kadar ince ince hesaplayıp yaşam alanlarına çeviriyoruz. Bu yaşam alanları hacimlerden oluşmaktadır, bizler de kendimizi hacimleri şekillendiren ve biçimlendiren bireyler olarak kabul ettiğimizden firmamızın ismini buradan yola çıkarak oluşturduk.
